TIER 1
STONEANDTILE

www.Tier1Stone.com

ABOUT US

Tier 1 partners with some of the largest mines and quarries in India and is well recognized for its high quality product range. The organization also enjoys exclusive access to some of the best mining, production and finishing facilities in India, China and Europe. The core strength of Tier 1 lies in our large network of suppliers spread all across the world and our dedicated staff.

From sourcing exclusive project-oriented products to the development of innovative ideas and applications, we can source, create and innovate any natural stone product to fit your needs and specifications.

Tier 1 offers an entire range of Slate, Sandstone, Limestone, Quartzite, Marble, Granite, Handicrafts along with a very exclusive range of Ledgerstone Panels and Mosaic.

Most of our products are CE certified for applications in the USA and Europe. All of our products are sourced from companies engaged in Ethical Trade Practices.

Tier 1 partners assure they sources material from companies known for environmentally friendly practices and no child labor is involved in the production of their products.

Our partners are skilled craftsmen and technicians that are always ready to assist you with selection of the right product for your project

SIZE : 15 X 15 CM (6" X 6"), 15 X 45 (6" X 18")
THICKNESS : 2 - 3 CM (¾" X 1")
NATURE OF STONE : QUARTZITE

OCHRE - BROKEN FACE (ANTIQUE) ➤

SIZE : 15 X 15 CM (6" X 6"), 15 X 45 (6" X 18")
THICKNESS : 2 - 3 CM (¾" X 1")
NATURE OF STONE : HARD LIMESTONE

FRENCH CREMAR - SANDBLASTED ➤

SIZE : 15 X 15 CM (6" X 6"), 15 X 45 (6" X 18")
THICKNESS : 1 - 2 CM (½" X ¾")
NATURE OF STONE : HARD LIMESTONE

MACEDONIAN - SPLIT FACE ➤

SIZE : 15 X 15 CM (6" X 6"), 15 X 45 (6" X 18")
THICKNESS : 1 - 2 CM (½" X ¾")
NATURE OF STONE : SLATE

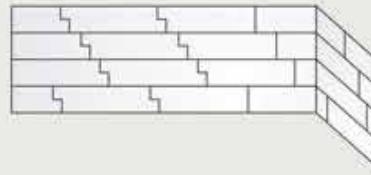

PORTLAND - ROCK FACE (ANTIQUE) ➤

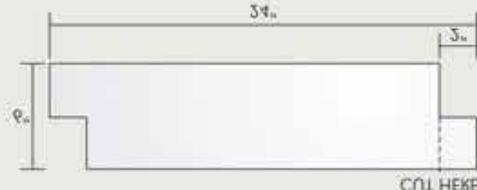

SIZE : 15 X 15 CM (6" X 6"), 15 X 45 (6" X 18")
THICKNESS : 2 - 3 CM (¾" X 1")
NATURE OF STONE : SANDSTONE

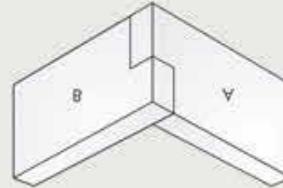

1. Corner panels are used to finish outside corners with natural edges. Inside corners should be mitered from plain panels.

2. Corner panels have natural rock faced ends on both sides and are shaped as shown. They are 24" long and 6" high with approximately one square foot coverage.

3. Corner panels should be cut into two pieces at desired length and finger joined around the outside corner as shown. One corner panel is needed to complete one linear foot of outside corner.

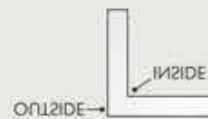

4. Continue installation by removing one staggered end of the plan in ledger stone piece and place adjacent to the installed corner piece to continue same row.

5. Alternate the size of the corner pieces to help stagger the joints.

Do not stagger in a brick fashion; but randomly alter the size to conceal the joint patterns.

SUBSTRATE REQUIREMENTS

For best bonding results, the surface should be clean, dry, and have open pores for adhesion. Smooth, non-porous or polished surfaces should be avoided to adhere to. Interior installations of ledgestones could be installed on gypsum drywall or exterior grade plywood for up to 10' in height. Cement board is recommended for interior walls exceeding 10' in height. For exterior applications, LEDGESTONE can be installed directly onto brick, masonry block, cured concrete, or cement board.

MORTAR RECOMMENDATION

For all installations, a polymer modified mortar is recommended. For commercial installations, as well as exterior installations over 10' in height, a polymer modified mortar with a latex additive is strongly recommended.

CORNER PANEL INSTALLATION

Please follow below steps to achieve a natural hand stacked appearance:

Ethical Trade Practices

Hands of Hope

Tier 1 partners engage in ethical trade practices, and the welfare of the workforce in those mining, quarrying and production facilities is their prime objective. While the safety and security measures are entrenched in their work practices, they also take initiative to assure good living and medical facilities are available to their employees.

Our social responsibility is an obligation to us. We work to take care of our community in many ways. Our primary concern is to contribute positively.

Tier 1's partners in India are engaged in sponsoring the education of poor children and have taken responsibility for the operation of a high school in India.

*Hope is the Greatest
Strength of the Universe...*

Lets Enlighten it into Human beings
